

Firstly I'd like to thank **A.D. Prime Building & Maintenance** for donating our lovely Christmas tree which we are hoping to get decorated next week ready for the Snow Ball on Friday night.

The next **Maths for Parents session** will be on **Thursday 7th December**. I know some of you have found it tricky to attend our evening sessions, so I thought I'd try an afternoon slot. This third one will start at **2:15pm**. The theme will be fractions. The session will give you information when your child is introduced to these topics and go through step by step the methods we now use in school.

Music! Music! Music! Is your child interested in learning to play a musical instrument? Shropshire Music Services are up and running with their tutors ready to take on eager students. If your child is keen to learn there is a link on the school website (follow: Learning, then Music, then Extra Curricular activities) which will take you to a form to register your initial interest. On that site, it will guide you through the instrumental tuition on offer and the commitments and costs involved. As a rural school. We have some interest in **guitar lessons** —if more than 1 pupil signs up to the lessons they can be done as a group session and will therefore be slightly cheaper, so if your child is interested it might be worth signing them up for the new year. Please feel free to speak to the school office if you have any queries.

Lucy Hassell, our new extended school leader (Afterschool & Breakfast club) is running a Film Night this Thursday 7th December, screening The Grinch (2018), if you would like to book your children into Afterschool Club, please contact the school office and watch this space for other upcoming Afterschool Club events.

We currently have a job opportunity available in our Nursery, the deadline for applications is today (01.12.23) therefore if you're interested please contact the school office for more information asap.

I hope you all have a lovely weekend, whatever you are doing.
