

Love God Love Learning Love Life

Update From Mrs Rook

At the start of the week the children had a visit from the Skipping Ninja, who put on an exciting performance. Throughout the day, the children had the opportunity to practise a variety of skipping skills themselves. It was wonderful to see their enthusiasm and determination, with many pupils making fantastic progress and showing noticeable improvement by the end of the day.

The Book Fair will be returning next week. A wish list will be sent home with each child, giving families the opportunity to browse the books available and choose any titles they would like to purchase. There will also be an exciting opportunity for children to win a £5 Book Fair voucher to spend at the fair.

Guitar lessons are now available for pupils. If your child is interested in learning to play, please contact the school office for further information.

We are delighted to announce that Heather in the kitchen will be back serving her delicious and nutritious school lunches from Monday next week!

Please note that Afterschool Club will not be running on Friday 23rd. We apologise for any inconvenience this may cause and thank you for your understanding. Please ensure alternative arrangements are made for collection at the end of the school day.

I hope you all have a lovely weekend.

Star of the Week

Robins: Callum and Cody

Kingfishers: Kacper and Darcey

Owls: John and James

Special Star chosen by Mrs Rook: Mollie C

Newsletter- 16th October

Quorn Nuggets

★ Tuesday- Spaghetti Bolognese OR
Cottage Pie

★ Wednesday- Sausage and Mash
OR Quiche

★ Thursday- Roast Pork OR
Cheese Wrap

★ Friday- Pizza OR Hot Dog OR Burger

Is my child too ill for school?

Does your child have a high temperature (38°C or more)?

YES

Keep them off school until it goes away.

NO

Follow the guidance below.

Your child can usually go to school with a mild cough or cold if they are otherwise well. If you do keep your child at home, it's important to phone the school or nursery on the first day and give them the reason.

Should go in	Should go in (let the school know)
A cough, cold or sore throat Fine with slight cough or common cold symptoms, such as a runny nose, sore throat or headache, as long as they're otherwise well and do not have a high temperature.	Cold sores Encourage them not to touch the blister or kiss anyone while they have the cold sore, or to share things like cups and towels.
Threadworms Speak to your pharmacist, who can recommend a treatment.	Conjunctivitis Fine unless they are feeling very unwell. Seek advice from your pharmacist. Encourage your child not to rub their eyes and to wash their hands regularly.
	Head lice & nits You can treat head lice and nits without seeing a GP.
	Hand, foot & mouth disease If they seem well enough to go to school, there's no need to keep them off. Encourage your child to throw away any used tissues straight away and to wash their hands regularly.
	Slapped cheek syndrome Once the rash appears, they're no longer infectious. Let the school or teacher know if you think your child has slapped cheek syndrome.

Seek treatment before returning to school	Keep them off (at first)
Impetigo They'll need treatment from a pharmacist or GP, often with antibiotics. Keep them off school until all the sores have crusted over and healed, or for 48 hours after they start antibiotic treatment. Encourage your child to wash their hands regularly and not to share things like towels and cups with other children at school.	Ear infection If your child has an ear infection and a high temperature or severe earache, keep them off school until they're feeling better or their high temperature goes away.
Ringworm See your pharmacist unless it's on their scalp, in which case you should see a GP. It's fine for your child to go to school once they have started treatment.	Measles They'll need to see a GP. Call the GP surgery before you go in, as measles can spread to others easily. Keep your child off school for at least 4 days from when the rash first appears. They should also avoid close contact with babies and anyone who is pregnant or has a weakened immune system.
Scarlet fever They'll need treatment with antibiotics from a GP. Otherwise they'll be infectious for 2 to 3 weeks. Your child can go back to school 24 hours after starting antibiotics.	Vomiting & diarrhoea Stay away from school until they have not been sick or had diarrhoea due to illness for at least 2 days (48 hours).
Chickenpox Keep them off school until all the spots have crusted over. This is usually about 5 days after the spots first appeared.	

Feeling worried or anxious: It's normal for any of us to feel worried sometimes. We may get a tummy ache or headache, or have problems eating or sleeping. Avoiding school can sometimes make a child's worries about going to school worse. If your child is struggling, please speak to school as soon as possible to explore available help. If your child is still struggling and it's affecting their everyday life, you should contact GP or school nurse.

To find out more, search www.NHS.uk for the specific illness or infection, or 'Is my child too ill for school?'
