Love Life

Update from Mrs Rook

We are delighted to share the wonderful outcome of our recent **SIAMS inspection**. The report celebrates the many strengths of our school and recognises the dedication, care and commitment shown by our pupils, staff, governors and families. One of the notable strengths included by the inspector was the fact that *'pupils and adults thrive in an infectious atmosphere of love and joy'* commenting that *'Corvedale is a nurturing place where people are welcomed and treasured for their uniqueness'*. This achievement reflects the hard work and support of our entire school community. We would like to thank our staff for their dedication, our governors for their guidance, our pupils for being excellent ambassadors for the school, and our parents and carers for your continued partnership and support. We would like to finish with a final quote from the report of which we are immensely proud, *'Pupils at Corvedale Church of England Primary School develop confidently as whole and cherished individuals. This close-knit community of school leaders, staff, pupils, church and families thrive as they learn to love and love to learn.'*

Just a reminder for the children who have been shortlisted for a **'Young Artists' Ocean Art Competition**. Consent is required to be sent asap—check your letters for more information.

Next **Friday 19th June** we are having a **non-school uniform** day in return for a raffle prize. We would be grateful of any donations of items which the PTA can use as raffle prizes or part of a hamper prize to be drawn on Sports Day.

Please see below attached link from **RABI** a charity for farmers. As the new school year approaches, RABI is committed to helping thousands of school-aged children (4–16 years old) start September confident, equipped and ready to thrive. Grants of £200 per school-aged child (4–16 years old) are available, providing vital assistance to ease the financial burden and ensure every child has what they need to succeed.

Intensive Motor Skills Group for Developmental Coordination Disorder (Dyspraxia)

**Messy handwriting? Poor stamina?
Balance difficulties?**

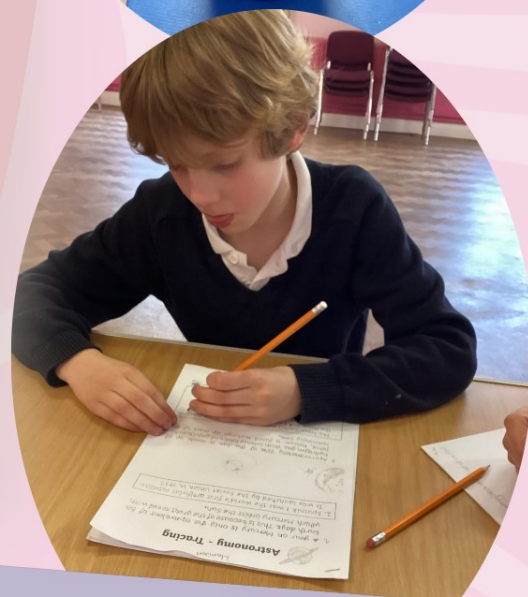

Our intensive 1-week Conductive Education sessions use a holistic, active-learning approach to help children bridge the gap between intention and movement.

Boost Balance & Core Strength

Fun, structured gross-motor activities to improve stability, coordination and spatial awareness.

Unlock Confident Handwriting

Targeted fine-motor movements to improve pencil grip, hand strength, spatial tracking and writing endurance.
